New Prices

In the coming month you should receive our new price list that comes into effect from 1st May 2010. We have striven to keep any increases to a minimum, despite substantial cost increases in our raw materials, packaging and transport. A number of prices remain unchanged but on average the increase is 4%

Please note that all orders placed prior to 30th April for delivery in May will be invoiced at our 2008 rates – the last time our prices were increased.

Thank you for your understanding and cooperation, should you have any questions, or comments, please don't hesitate to contact Ian McAslan at imcaslan@smithandrodger.co.uk
